**ENVIRONMENTAL & ENERGY AWARENESS WEEK:** Field Trips, Presentations, Segway, Amnesty Day, Car Show and more. . . The KSC 2003 Environmental & Energy Awareness Week will be held on April 21-23, 2003. This year's theme is "**Kennedy Space Center = Kilowatts Saved Count!**" The week's activities will include an Opening/Awards Ceremony that will feature an address by Dr. Stuart D. Strahl, President/CEO Audubon of Florida. Additionally, an outdoor activity including exhibits, training, demonstrations, tours, and presentations will take place on both April 22 and April 23, 2003. Approximately 34 exhibitors, Segway demonstration, Amnesty Day, Car Show (alternative fueled vehicles), 6 30-minute presentations, and 4 field trips are planned. Check out their website: <http://environmental.ksc.nasa.gov/eeaw/eeaw2003/index.htm>. This is an excellent time for KSC employees to learn about our successes and learn what they can do to continue to foster environmental stewardship, energy conservation, and continual improvement through increased awareness. The Center Director encourages all to take part in the week's activities and to reemphasize our commitment to environmental leadership. Point of contact: Environmental & Energy Awareness Week/TA-C3/867-8452. (TA-C3)

**AMNESTY DAY:** Amnesty Days during EEAW 2003 will be held at the O&C Parking Area on April 22 and at the VAB Parking Lot E on April 23. This presents an excellent opportunity for KSC workers to dispose of unwanted Government chemicals. The chemicals may be from any KSC office, shop, laboratory or POL. All types of chemicals will be accepted except for biohazardous materials, radioactive materials and explosives. Point of Contact: James A. Chappell CHMM, Lead Environmental Engineer, CHS Waste Operations, 861-1330, fax 867-9466. (TA-C3)

**FDEP:** Come visit the FDEP table. Pick up pamphlets on hiking and biking trails and canoe trips and see where your taxpayers' dollars are going. (TA-C3)

**THE DEP HAZARDOUS WASTE INSPECTION PROCESS BY JANINE KRAEMER, FDEP:** Please join Janine Kraemer from FDEP discussing how FDEP conducts inspections, what FDEP looks for (e.g., records, personnel training, process review, waste determination, etc) and FDEP's enforcement process including penalty calculations associated with violations. (TA-C3)

**MIDDENS, MOUNDS, CANALS AND CASTLES: A Look at KSC Before the Space Age by Joan Deming, Archaeological Consultants, Inc.** The first people to occupy the KSC area arrived several thousands of years ago. Evidence of their occupation takes many forms, from light scatterings of artifacts found on the ground surface to burial mounds and shell middens marking the locations of the dead and the living. After the last aboriginal populations vanished from the area, early American settlers made their homes where the Indians once lived. Hidden in remote places not far from where man was launched into space, archaeologists have uncovered the sites of homesteads and commercial enterprises, as well as the remains of an old fort and canal. Ms. Deming's presentation will focus on the results of a multi-year archaeological survey of the KSC. After the presentation, join Joan for a hands-on look at some of the "stones and bones" discovered during her investigations. (TA-C3)

**SGS/PROPERTY MANAGEMENT:** Check out the SGS/Property Management table, which will provide information on KSC's Recycling Program at the Reutilization, Recycling and Marketing Facility (RRMF). Learn about Computers for Learning (CFL) Program and information on the 2003 Sales and Auctions at Ransom Road and how excess equipment and property is handled. (TA-C3)

**RANSOM ROAD TOUR—APRIL 22 & APRIL 23:** Do you know what happens to the equipment and material when excessed at KSC? Where does it go? To find out the answers to these questions, sign up for the Ransom Road Tour during Environmental & Energy Awareness Week (EEAW), April 22-23. There will be two tours each day for approximately 1 hour in length. The first tour will start at 10:00 and the last tour will start at 1:00. You must have your supervisor's permission to sign up for the tours. Please contact Dave Koval at 867-4137 to reserve a spot on the van. You will need to meet 5 minutes before the start of each tour at the Welcome Table during EEAW. Remember, April 22 we will be at the KSC Industrial Area/O&C Parking Lot and then on April 23 we will be at the VAB Area/Parking Lot E. See you at the event! (TA-C3)

**NASA'S RECYCLING AND AFFIRMATIVE PROCUREMENT PRINCIPAL CENTER:** Please come visit our booth and discover what NASA's Recycling and Affirmative Procurement Principal Center has to represent. Our display will provide data in recycling and buying recycled for years 1998-2002, free NASA purchase card sleeve holders and recycled eco golf tees will be available. Take a chance and play a game on guessing the amount of lbs. of paper KSC recycled last year. The closest guesser will win an 8x10 recycled tire frame. Come out and support EEAW. (TA-C3)

**BACK BY POPULAR DEMAND—WIN A HELICOPTER RIDE OR AIRBOAT RIDE:** Come to the **Natural Resources Booth** during Environmental and Energy Awareness Week, April 22 & 23, and play "**THE GOOD, THE BAD, & THE UGLY**". Learn about the GOOD species of plants and animals that are found here at KSC, learn to know which ones are BAD, and which ones are just plain UGLY. Try your luck/skill at the bean bag toss and win a chance at a Helicopter tour of KSC or an airboat tour of the Indian River Lagoon. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

**AUDIT YOUR HOME FOR ENERGY SAVINGS:** Determine which parts of your home use the most energy, and how you can best reduce your energy costs, by performing an energy audit. You can conduct a simple audit yourself, contact your local utility, or call an independent energy auditor for a more comprehensive examination. Check your home's insulation levels, and check for open fireplace dampers. Look for holes or cracks around doors, light and plumbing fixtures, and other places where air may leak into or out of your home. Make sure your appliances and heating and cooling systems are properly maintained, and study your family's lighting needs and use patterns, paying special attention to high-use areas. Once you've determined where your home is losing energy, assign priorities to your energy needs; make smart purchases and home improvements that maximize energy efficiency and save the most money. For more information on home energy audits, visit [http://www.eere.energy.gov/consumerinfo/energy\\_savers/energyuse.html](http://www.eere.energy.gov/consumerinfo/energy_savers/energyuse.html). Point of contact: Environmental & Energy Awareness, TA-C3, 867-8452. (TA-C3)

**CHECKOUT THE E85 MINIVAN AT EEAW:** The 2000 Dodge Caravan can run on regular gas or E85, a mixture of 85% ethanol and 15% gasoline. The ethanol comes from corn grown in the USA, a renewable resource. Any vehicle using the E85 fuel gets slightly reduced mileage, and has slightly reduced power, but the engine's interior remains sparkling clean over thousands of miles. Exhaust pollutants are greatly reduced. Come visit the car show and see the E85 Minivan at the Environmental & Energy Awareness Week celebration on April 22 and April 23 from 9 a.m. to 3 p.m. (TA-C3)

**JUNK MAIL:** How can I reduce the amount of junk mail that my family receives? Register with the name removal file by mailing your name, home address and signature on a letter or postcard to: Mail Preference Service Direct Marketing Association, P.O. Box 9008, Farmingdale, NY 11735-9008. Within 3 months your junk mail should reduce by 75%. Point of contact: Environmental & Energy Awareness Group, TA-C3 867-8452/867-8413.

**ENERGY 101 PRESENTATION DURING EEAW:** Come hear Kevin P. Riley, P.E., from the SGS Energy Management Office, speak about energy-related concepts, including the difference between energy and power. Answer the Who, What, Where, How, and Why of energy at KSC. When: April 22 and April 23. Where: At the Environmental & Energy Awareness Tent. Time: 10:00 a.m. -10:30 a.m. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

**SAFETY AND SECURITY OF INDOOR AIR QUALITY:** Come hear Henry M. Healey, P.E., of Healey and Associates, discuss how your IAQ can be compromised and what to do about it; concrete advice on breathing healthy air at home and at work. When: April 22 and April 23. Where: At the Environmental & Energy Awareness Tent. Time: 10:45 a.m. -11:15 a.m. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

**ENVIRONMENTAL & ENERGY AWARENESS WEEK SPEAKER:** Dr. Stuart D. Strahl, President/CEO of Audubon of Florida, will be our guest speaker for the Environmental & Energy Awareness Week Opening Ceremony. The ceremony will take place in the KSC Training Auditorium on April 21 at 10 a.m. Join us in welcoming Dr. Strahl to KSC. Dr. Strahl has 20 years of background in national and international programs. He is a career conservationist with deep experience in applied science, restoration ecology, public policy and not-for-profit management. He also serves as Vice President and Everglades Conservation Director of the National Audubon Society and Research Fellow and founding Director of Latin American Programs for the Wildlife Conservation Society. Audubon [www.audubonofflorida.org](http://www.audubonofflorida.org) has a long history of conservation in Florida. Ensuring that conservation becomes a common interest in Florida rather than continuing as a special interest, National Audubon Society <http://www.audubon.org> and Florida Audubon Society have formed a strategic alliance in partnership with 43 local Audubon chapters, becoming Audubon of Florida. Point of contact: Environmental & Energy Awareness Week, <http://environmental.ksc.nasa.gov/eeaw/eeaw2003/index.htm>. (TA-C3)
